

Winter Newsletter 2018

Wow – another year over! Where did that go?
We have been very busy at Country Dental during the year as you can see from the following:

Staff News

This year, we have welcomed several new members of staff:

Nadia and Hen have joined our reception team and both have previous dental receptionist experience.

They have fitted into the team so well that it seems like they have always been here.

Alison, Anthea and Claire make up our dynamic hygienist team. We have increased our dental hygienist capacity which enables us to offer more appointments to suit you. Our team are very proactive in helping you to improve and/or maintain your oral health and strong supporters of our preventative advice programme.

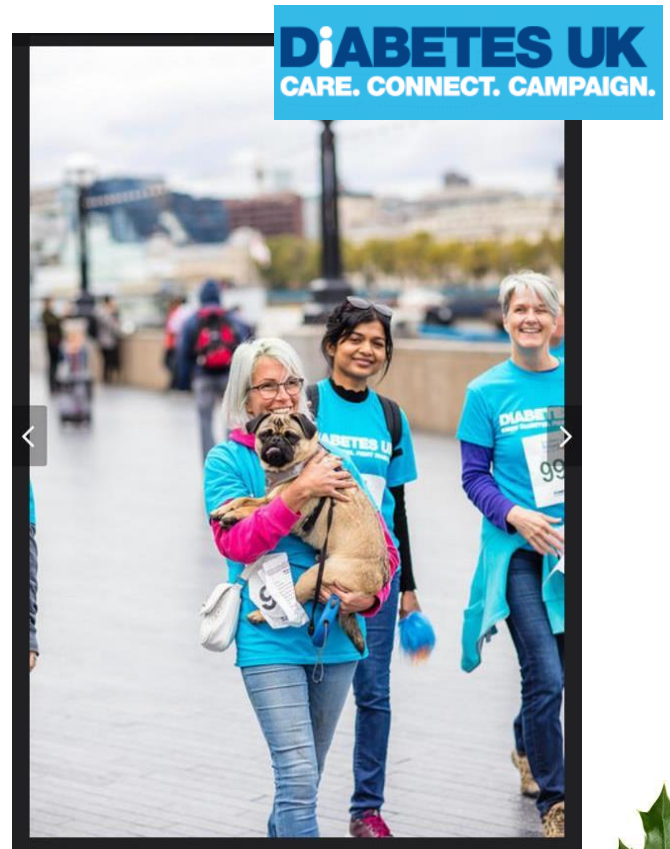

Hannah is our new apprentice who is training to be a Dental Nurse at Ashford College. We are proud to be able to provide an apprenticeship placement and Hannah is enjoying getting stuck in to the practical side of the training.

We are now a registered clinic for Mini Smile Makeover – brought to you by Enlighten. We use composite bonding to improve smiles.

London Bridges Challenge in aid of Diabetes

In September, Gay, Priya, Charlotte, Julia, Ellen (Julia's daughter) and Wally (Gay's adorable pug) took part in the London Bridge Challenge to raise money for Diabetes. We had to walk across 10 bridges over the Thames from Battersea to London Bridge.

It was a really fun day and a great way to see London. Thank you to all our patients who sponsored us. We raised over £400 and the event itself raised over £300,000.

Staff Training Day:

We had our annual staff training day at the Hythe Imperial on a lovely sunny day in August.
